ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

PRESIDENT M'CALL'S CHARGES

Testifying before the Armstrong insurance committee in New York yesterday, John A. McCall, president of the New York Life Insurance Company, declared that managers of the democratic party in the last campaign had approached him repeatedly in efforts to get the New York Life to contribute to the democratic cause. Mr. McCall declared further that Alton B. Parker, the democratic nominee, when he was chairman of the democratic State committee never missed a chance to take corporation contributions.

Judge Parker was chairman of the democratic State executive committee in 1885.

Mr. McCall assumed entire responsibility for the New York Life contributions of $150,000 to the last three national campaigns, asserting dramatically before the committee that he thanked God what he had done was his share in helping to defeat the free silver bugaboo.

Mr. McCall denied "under the full solemnity" of his oath that the New York Life had ever, to his knowledge, bribed or attempted to influence legislation in that or any other State in the country.

Judge Alton B. Parker last night made a statement concerning President McCall's testimony. His statement was as follows:

"My attention has been called to certain testimony said to have been given by Mr. John A. McCall, while a witness before the insurance investigation committee, in reply to Mr. Hughes' question whether he thought 'that in 1904 the interests of the policyholders were so seriously endangered that the company ought to contribute.' It is evident that Mr. McCall was laboring under great excitement in making his reply, for it is very incoherent. But if his answer is intended to convey the impression that in the campaign of 1904 I, either directly or indirectly, solicited from him or his corporation any money or valuable thing, his statement is absolutely false. On the contrary, I repeat now what I said before the election: that I expressly notified and directed the chairman of the executive committee of the national committee that no money should be received from corporations."

William F. Sheehan's attention was called to the testimony of Mr. McCall, and he said: "I was chairman of the executive committee of the democratic national committee. There was not a single man connected with the democratic national campaign that solicited a dollar from Mr. McCall. If any such person made any such solicitation Mr. McCall should name him."

President McCall, referring to his testimony before the legislative committee in relation to contributions to the democratic party, said last night: "The meaning I intended to convey when I mentioned Judge Parker was this: Judge Parker, when a candidate for the presidency last year, did not personally ask me for campaign funds, but friends of his did so repeatedly. Judge Parker, as chairman of the State democratic committee several years ago, did, however, accept proffered contributions to the campaign funds."

Counter Suit.

Mrs. Edith Park, who is ill in Switzerland, and whose husband, Walter E. Park, now in South Africa, has sued her for absolute divorce, in New York, yesterday asked Justice Truax, through Allen Carruthers, for $500 monthly alimony and $2,500 counsel fee. A. H. Kaffenburgh obtained a postponement of two weeks, to await the arrival by mail of affidavits of several witnesses who live in Johannesburg. In the absence of Mrs. Park a physician's certificate of her serious illness at Lausanne, Switzerland, and his own affidavit were submitted by her attorney. They reveal a remarkable story. Mrs. Park was a Miss Marsh, daughter of F. T. Marsh. The couple were married in Brooklyn 15 years ago. They have one child (Wm. A. Park), who is 13 years old. The affidavits say that Walter E. Park is the representative in South Africa of the Frazer Chalmers Company, of London, manufacturers of mining machines. His salary is said to be $60,000 a year. It is asserted that in 1899, with her husband's approval, Mrs. Park and Willie went from Johannesburg to Europe for her health and the boy's edution. He sent her from $300 to $500 a month until August, 1904. The affidavits assert that Park asked his wife to sue for a divorce. She refused, and he brought an action against her, in which he named one Frank P. Wood as co-respondent. He secured the appointment of a commission to take the testimony of Mrs. Harry Tonkin of Natal. Mrs. Park applied for a commission to take testimony of Page Wood, her son William and others in Switzerland. She denies Park's charges, and wishes to enter a counter-suit, naming three women as co-respondents, two of them actresses in South Africa.

Struck in Interest of Mule.

The mine mule has caused a number of peculiar strikes in Indiana, but yesterday 125 men were out at mine No 6, at Terre Haute, and it was a sympathetic strike for the mule, the men contending that the mules did not get enough to eat. The manager of the mine promised to attend to the case and the men returned to work. Heretofore strikes have grown out of alleged ill treatment of mules. One strike, which kept 700 men idle two weeks, hinged on the question of what constituted cruel whipping of "Old Ben," a notorious mule. At the end of two weeks "Old Ben" died from the blows. The mule driver's discharge was then recognized by the men as justifiable and they returned to work.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, SEP. 21, 1905.

THROUGH a close personal friend, Vice President Fairbanks has denied the rumor that he is a stockholder in the Mergenthaler Typesetting Machine Company. The denial is due to some prodding of the Vice President by Indiana republicans who have shown a disposition to make trouble for him out of his too manifest connection with commercial and other enterprises. The truth is that so many government officials have been connected with the grafters that no one seems above suspicion. The tentacles of graft and corruption in the executive branch of the government service have within the last three years touched the department of nearly every Cabinet officer. Within that period official wrongdoing has been exposed in seven of the eight executive departments—the Navy Department being the only one where there have been no disclosures, although even there controversies have arisen over the letting of contracts. The irregularities unearthed by accident or through probing have included embezzlement, forgery, bribery, falsification of vouchers and conspiracy to defraud the government. The principal plague spots have been in the Postoffice Department, the land and Indian divisions of the Interior Department and several branches of the Agriculture Department. Higher officials have been affected as well as lesser employes.

AS A result of a conference held last night at Sagamore Hill, between President Roosevelt, Secretary of State Root, Postmaster General Cortelyou, Senator Lodge and Mr. Joseph H. Choate, ex-Ambassador to Great Britain, plans, it is said, were laid for the elimination of contributions to future national campaign funds by all corporations affected by national legislation. It is intimated also that the President insisted on the return of all campaign contributions made by the life insurance companies to the last republican national campaign committee, and that his wishes will be carried out. It became known last night that Postmaster General Cortelyou, who was chairman of the republican national committee, has been stopping at Huntington, almost within a stone's throw of Sagamore Hill, and that almost nightly conferences have taken place in the President's library. At these secret conferences the gradual unfolding of the enormous political interests of the life insurance companies have been followed step by step until radical measures were determined upon to forestall further disclosures that might involve the administration in a scandal of dangerous proportions. But it is more than probable that they delayed too long.

THAT THE fountain of perennial youth is no longer a myth, is the firm belief of those present at the twelfth annual convention of the Old Folks' Association, which met in the Union Congregational church, at South Weymouth, Mass., yesterday. Over 100 members, all smiles, defied the threatening weather, and enjoyed themselves as in the days when their years were as young as their spirits are now. The association numbers 194 members, the youngest of which is 70; the eldest 92; and the aggregate sum of ages reaching the total of 14,921 years.

PRESIDENT CASTRO has broken off relations with M. Taigny, the French charge d'affaires, because the latter protested against closing the land stations of the French Cable Company. In this he is perfectly right though the jingoes will set up another howl. President Castro is acting entirely under the laws of his country which have been sustained by his highest court and the president of any other republic would do just as he has done.

TODAY occurs the autumnal equinox when the days and nights are of equal length and summer, according to the almanac, ends. The sun is now entering upon his winter's course, which he will pursue till the 21st of December, when he will again start northward. The summer, taken all in all, has been a fine one with but few days of extremely warm weather, but the rain fall has been about normal.

PRESIDENT MCCALL, of the New York Life Insurance Company, testified before the investigating committee yesterday that on his own responsibility he made a contribution from the company's funds to defeat free silver. But Mr. McCall made the contribution of money belonging to other people—not his own.

The Famine in India.

Simla, India, Sept. 21.—Owing to the famine and scarcity of water, in India, the army manoeuvres of the British soldiers, under General Kitchener, have been abandoned.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 21.

Minister Quesada, representing the Cuban republic here, has called at the State Department to express the regret of his government at the insults offered the United States at Cienfuegos last Tuesday night when some unknown person threw a quantity of filth on the shield bearing the arms of the United States over the entrance to the American consulate. He stated that everything possible will be done to discover and punish the offender. The Cuban Minister for Foreign Affairs in Havana has called upon the American Minister there and similarly expressed his regrets for the outrage.

Ed. L Wooden, a young negro, was arrested this morning by central office men on a charge of robbery preferred by Dr. A. B. Wayland, of Gordonsville, Va. Dr. Wayland stated that the robber entered his house on August 19 and succeeded in carrying off everything of value that he could carry. The goods he obtained are valued at $100.

Under the terms of the treaty itself notice of the ratification of the peace agreement between Russia and Japan must be exchanged within fifty days from the date of its signing. The notification that the Czar has ratified the treaty will be sent by the American ambassador at St. Petersburg to the Tokio government and the Mikado's ratification will be communicated to the Russian government by the French minister at Tokio. This exchange will be done by telegraph. It is expected that the Czar's action on the treaty will be announced first. After the two sovereigns have formally ratified the document and placed upon it their big seals the exchange of ratifications will, it is stated at the Japanese legation, take place here in Washington and probably at the White House as a compliment to President Roosevelt.

Federal control of insurance business may be one of the results of the disclosures of lax methods in the management of the New York Life Insurance companies. The belief grows here that President Roosevelt will not ignore the situation which has developed in the cases of the Equitable and New York Life Companies, and that his coming message to Congress will discuss insurance and insurance methods as they relate to the national welfare.

One of the most important subjects now under discussion by the executive council of the American Federation of Labor, in session here, is the labor situation in Chicago. Representatives of the various factions in the Chicago Federation of Labor have presented to the councils statements of their side of the disputes. The matter, so far as the executive council is concerned, will be determined at this meeting.

A crisis is approaching in Venezuela's foreign relations in the opinion of some officials here. The latest action of President Castro's government in refusing to longer communicate with the French government through its charge d'affaires in Caracas, M. Taigny, because he protested against the seizure of the property of the French Cable Co., is liable, it is said by the jingoes, to bring matters to a climax. This refusal to recognize M. Taigny puts a national phase upon the controversy which has heretofore been raging between the French Cable Co. and the Venezuelan government. M. Taigny was, it is claimed, merely following instructions from his government when he lodged his protest, and for Castro to characterize his action as an "insult" to the honor of the Venezuelan courts, through whose machinery the cable company's property was sequestered, is regarded here by the jingoes as a pretext to aggravate the already strained relations between himself and France. Following so closely as it does upon the expulsion from Venezuela of M. Brun, the resident manager of the cable company, also because he protested against the seizure of his company's property, it is thought unlikely that France will longer overlook the matter. The situation is somewhat complicated, however, by the fact which appears to be demonstrable by documentary evidence, that the Cable Co. did actually attempt to render assistance to the recent Matos revolution.

Plead Guilty.

Chicago, Sept. 21.—In the U. S. District Court this morning four members of the firm of Schwarzschild and Sulzberger pleaded guilty to accepting rebates from the railroads in the beef trust cases. The men are Beth Cudahy, the officer manager, charged with accepting rebates and also indicted on a charge of interfering with government witness; Vance D. Skipworth, assistant traffic manager, charged with accepting rebates; Charles E. Todd, assistant traffic manager, charged with accepting rebates; Samuel Weil, vice president of the company, charged with accepting rebates. The cases are not identified with the alleged violation of the Sherman anti-trust law.

The charges were of violation of statute, providing a punishment of two years imprisonment and $20,000 fine, to be imprisoned and a nominal fine within the discretion of the court. The trial costs were $8. Weil paid the fines immediately. He wrote a check for $25,008, and handed it to the clerk with a smile, The specific charges against the men were of having conspired to obtain rebates from railroads by means of fictitious damage claims. They are said to have got thousands of dollars in such claims, which in many instances were paid without question. The defendants were represented by Joseph Weissenback, an attorney, who is under indictment in connection with the packing trust cases for alleged tampering with witnesses. Clemency was asked for Weil who is said to be in ill health. District Attorney Morrison informed the court the government would not demand severe punishment and left the penalty to be determined by the court. Judge Humphrey ordered the defendants committed to the county jail until the fines were paid. The cost to the government of impannelling the grand jury which indicted the men, was $16,620.

New York Stock Market

New York, Sept. 21.—There were probably more large buying orders executed during the first hour today than on any morning since the beginning of summer. Deal developments and rumors of deals played an important part in the price movements. The action of the Bank of England in maintaining the rate of discount unchanged, although of a negative character had a positive influence on the foreign trading. Arbitrage brokers from the start were heavy buyers of all the international shares.

News of the Day.

At Chicago yesterday W. H. Hunt, formerly president of the defunct Pan-American bank, was sentenced to the penitentiary and ordered by Judge Kersten to pay a fine of $298.

The exchange of ratifications of the treaty of peace between Japan and Russia, it is said, will take place in Washington shortly after the treaty has been ratified by the respective sovereigns. It is probable that this will be done in the White House, as a compliment to President Roosevelt.

Mr. and Mrs. W. J. Bryan, accompanied by their son and daughter, William and Grace, left Lincoln, Neb., today, for their tour of the world. They will sail from San Francisco for Japan on September 26, stopping in Honolulu for a day or two They expect to reach Tokio October 15. From Japan the Bryans will go to Manilla, and will spend sometime in the Philippines. They will then visit Australia and New Zealand, and will reach India in the winter. They will proceed to the Holy Land and other countries, and will spend next summer in the large cities of Europe. Mr. Bryan expects to be gone not less than a year.

Odd Fellows.

The Sovereign Grand Lodge of the Independent Order of Odd Fellows continued their sessions in Philadelphia yesterday. Among the measures still to be disposed of is the proposed affiliation with the Manchester Unity of England, the parent body from which originated Odd Fellowship in this country. Another measure to be taken up is the divorcing of the Patriarchs Militant, the uniformed rank of the order, from the jurisdiction of the Sovereign Grand Lodge.

A resolution offered by Mr. Lloyd, of Missouri, providing for the erection of a $1,000,000 sanitarium for Odd Fellow consumptives at Las Vegas, New Mexico, was referred to the committee on the state of the order.

The Grand Lodge fixed the rate of mileage for the communication at 10 cents.

It was announced that an invitation will be extended the members of the Sovereign Grand Lodge by Jamestown, Va., to meet in that place in 1907. The place of next year's meeting has not been fully agreed upon. The choice lies between Toronto, Chicago and Denver.

Philadelphia, Sept. 21.—The members of the Sovereign Grand Lodge of Odd Fellows, behind closed doors, is today wrestling with a number of problems of vital importance to the order. Chief among these is as to whether Odd Fellows of foreign countries shall be so affiliated with the home orders as to permit them to intervisit; that is that all lodges in the United States and Canada shall be open to visiting foreigners and vice versa. Second in important is as to whether the Patriarchs Militant shall be placed on an independent basis raise its own funds, and make its own disbursements and be divorced from the sovereign grand body and be separated from it in all things but fraternity. Tronto Canada has been selected as the place of holding the communication of next year.

Moncure Nominated.

A joint convention of democratic committeemen from Stafford and King George was held at Cox's store in Stafford Wednesday to consider the question of a democratic candidate for the legislature from the two counties.

There were present a full delegation from Stafford and two committeemen from King George, Messrs. Alex. Pratt and Jesse Newton. It will be remembered that the committees of the two counties several weeks ago separately declared Mr. C. L. Moncure the nominee. This separate action was contested by Capt. D. M. Lee and hence the convention of yesterday. Capt. Lee having withdrawn as a candidate several days ago, there was but one name presented to the convention, R. C. L. Moncure. The separate action of the committees was confirmed and he was declared the nominee of the party by the convention. —[Fredericksburg Star.

Suicide in Lynchburg.

Edward A. Langhorne, a prominent and well-to-do young business man of Lynchburg and a member of the brokerage firm of Davidson & Langhorne, of that city, committed suicide some time Tuesday night on the banks of the James river, opposite Lynchburg. Mr. Langhorne's body was found by a colored man early yesterday morning. A 38-calliber revolver, with which he had shot himself, was found clutched in his hand. The ball penetrated his right temple and passed through the head, being found imbedded under the skin of the left temple. Mr. Langhorne had been ill for some time, his illness bordering on nervous prostration. It is thought by his friends that continued brooding over ill-health was the cause of the suicide. He was 37 years of age and unmarried.

Stuart Denounced.

A resolution denouncing in the most scathing terms Capt. J. E. B. Stuart, collector of customs at Newport News, was introduced at a meeting of the J. E. B. Stuart Camp, Sons of Confederate Veterans, in that city, Tuesday night. The resolution set forth that Captain Stuart is a disgrace to the memory of his sire, the famous Confederate cavalry leader, in whose honor the local camp was named, and unworthy of the respect of the sons of Confederate veterans. The resolution was based upon the recent action of Captain Stuart in throwing out several sons of Confederate veterans from the local custom-house, but, as it dealt with politics, the camp decided not to adopt it. Ex-Chief of Police T. A. Johnson introduced the paper.

Gov. Montague's Expenses

As stated in the Gazette of that day Gov. Montague yesterday filed a statement of his expenses during his recent campaign for the Senatorship. He spent $5,863,91, about half the amount expended by his opponent, Senator Martin, and 66 cents more than Judge Mann, a candidate for the governorship. The governor itemizes his expenses thus: Printing, advertising, and campaign buttons, $554.14; postage, $1,205; railroad fare and hotel expenses, $395.80; stenographers, $465; stationery, $85.71; mimeographing, $795.67; telegrams, $51.24; telephone service $110.35; hall rent, $202; assessment, $1,500.

A dispatch from Montreal says that the decision expected to lay in the Gaynor-Greene extradition case has been postponed until Saturday.

Letter to George Auld.

Alexandria, Va.

Dear Sir: A painter complained that our cans are too full; unhandy; spill.

It's a way we have; 'tis handier not to be full; but we have a weakness for full-measure. Our gallon contains eight pints; the usual "gallon" is seven.

We'll think it over again; but we like a full can. How much short would you like a barrel? Seven gallons would be the proportion.

Short-measure suggests that the shortage is probably not in the cheapest ingredient.

Guess we'll stick to four quarts to a gallon, and fifty gallons to a barrel.

The name to go by is Devoe lead-and-zinc.

Yours truly,
F W DEVOE & CO

Today's Telegraphic News

The United States and Turkey.

Berlin, Sept. 21.—The position assumed by the United States government in attempting to protect the rights of Armenians who become naturalized citizens of the United States and then return to Turkey does not receive much support in Europe, according to diplomats in this city. This matter has been prominently brought to the front by the recent controversey over the case of Vartanian, who is accused of the murder of an Armenian merchant and who was sentenced to death for the crime. Through the efforts of Minister Leishmann, the case has been opened up, and the contention of the United States that its representative should be allowed to communicate with the prisoner has been recognized in this case, as well as in that of another American-Armenian who is acused of bomb throwing. Europe, however, does not look with favor upon the determination of the United States government to preserve the rights of naturalized Armenians in Turkey, if the opinions of the diplomats can be relied upon. One diplomat in discussing the question, today, with the correspondent of the Publishers Press, said, "Little sympathy is felt in Europe for America in the repeated controversies with Turkey upon this subject. European countries respect the Turkish law which says that the Turk may become a citizen of any European country without obtaining the consent of the Sultan, which is granted only if the applicant agrees never to return to Turkey. If the Turk does not agree to this arrangement, then his new country will not protect him if he returns to Turkey. America does not follow this reply, and the feeling in Europe consequently is strong against America. European countries feel that the United States is supporting the forces of disorder which are bringing about the dissatisfaction in Turkey."

Constantinople, Sept. 21.—Consul General Dickinson, of the United States, accompanied by his secretary, yesterday, assisted in the interrogation of Vartanian and Afarian, the two Armenians accused of crime, who claim to be American citizens. The interrogation was conducted at the palace. As the result of the inquiry the fact will probably be established that Vartanian and Afarian are not American citizens. It is expected that the fuller investigation will result in revelations which will compromise other Armenian-Americans, both in Constantinople and Chicago.

Civil War in the Caucasus.

St. Petersburg, Sept. 21.—As a consequence of the continued disturbances in the Caucasus, and the inability of the soldiers in the district to cope with the situation, the government has decided practically to consider that a state of civil war exists. Measures are being considered looking to the sending of a large field force, consisting of infantry, cavalry and artillery, to invade the district. A regular campaign will be conducted against the rioters and revolutionaries who have been responsible for the disorders. This campaign is being planned with great care and is relied upon to restore order. An extraordinary conference of the highest government officials has been called to meet at St. Petersburg to consider the spread of internal disturbances.

Warsaw, Poland, Sept. 21.—The Governor General has issued an order stating that owing to the hesitancy of the civil authorities the military forces must unshrinkingly suppress disorders in the district.

At Pinsk, in the government of Minsk, a bomb exploded in a pocket of a young man who was waiting for the chief of police to pass. The man who had the bomb and four others were killed by the explosion.

Collapse of a Band Stand

St. Louis, Sept. 21.—With a crash that was heard for blocks, an overcrowded band stand collapsed last night at the Carnival and street fair at Bellville, Ills., fatally injuring three persons. About 200 men, women, and children sustained painful injuries. Seven hundred persons were crowded on the frail structure, thirty feet square, when the crash came. The stand was erected to bear only the weight of forty musicians guarded by a single watchman to keep the crowd away. When the band left the stand and a loop-the-loop artist prepared to make her nightly circuit the crowd surged toward the stand and swept the watchman aside. In a moment it began swaying and then, with a crash, went down, hurling hundreds of men, women and children to the ground and burying them beneath the wreckage.

Bryan's Opinion of McCall.

Lincoln, Neb., Sept. 21.—When informed of the McCall testimony, in New York regarding the New York Life Insurance Company trying to defeat free silver, W. J. Bryan said:

"If President McCall had paid money out of his own pocket instead of taking it from widows and orphans he might have more reason to boast. If his judgment on the silver question is no better than his judgment on the use of trust funds, I would dispute his authority. His opinion of free silver is probably founded upon the opinion of some financier and not upon any actual knowledge of the subject. His understanding of 16 to 1 seems to be that the directors get 16 dollars to 1 dollar given to the policy holders."

Preparing for War.

Stockholm, Sweden, Sept. 21.—According to a private letter from Christiana, which is printed in the Tidningen, the Norwegian government has sent sixty cannon south by rail. The postal service has also been increased, as a matter of necessity, owing to the circulation of mobilization summonses. Many stores in Christiana have been closed, the paper asserts by because all the employes have been called to arms. A resolutiou was adopted by the Swedish socialist party last night to call a general strike in case war should be declared, and it was also declared to refuse to take up arms.

Yellow Fever.

New Orleans, Sept. 21.—The number of yellow fever cases in the city yesterday was reported at 50 and the number of cases show a sharp increase, the of deaths was 6. When the nnmber health authorities have no consistent explanation to offer.

Startling Mortality.

Flannery, of 14 Custom House Place. Chicago, says: "They have no equal for Constipation and Billiousness." 25c at E. S. Leadbeater, & Sons, druggists.

Collision.

New York, Sept. 21.—Captain Loomis of the British freight steamer Cornwall, which arrived today from Shields, reports that at 9 o'clock last night, when near Montauk Point and during a dense fog, his ship was run into by an unknown steamer which damaged the stem. Fortunately the Cornwall's engines were stopped when the collision took place, otherwise the damage would probably have been of a serious nature. The colliding steamer then made off and her name was not ascertained. Her condition could not be learned but she is supposed to have received some damage.

Provincetown, Mass., Sept. 21.—With smokestack and foremast gone and her upper works apparently raked and damaged by a collision, the steamer Juniata, of the Merchants and Miners' Transportation Company passed north early this morning at a slow rate of speed. The Juniata passed out last evening bound from Boston for Baltimore with fifty passengers and a cargo of freight, and must have experienced some sort of disaster going through the sound during the night, most likely a collision with some other craft. It is possible that the Juniata is the vessel which was in a collision with the British steamer Cornwall, which arrived in New York from Shields this morning in a damaged condition and reported having been in collision off Montauk late last night.

That Conference.

Oyster Bay, N. Y., Sept. 21.—Secretary of State Root, ex-Ambassador Choate and Senator Lodge left Sagamore Hill this morning after their all night visit and were driven over back roads to Syset, a little town four miles away, and there took a train for New York at 10:51. By making this remarkable detour the President's friends dodged the newspaper correspondents who were anxiously awaiting them in the village. Although it is denied at the executive office that the President summoned his premier, his closest senatorial friend and his former British ambassador, to discuss the subject of campaign contributions as laid bare at the insurance investigation, the fact that the distinguished advisers of the President made such a devious trip to escape the newspaper men leaves the impression that they discussed some subject they did not care to take up with the correspondents.

Reports Verified.

Havana, Cuba, Sept. 21.—The reports as to the throwing of filth on the escutcheon bearing the arms of the United States, which is over the entrance to the American consulate at Cienfuegos, during political disturbances there on Tuesday night, have been verified by the government. The Cuba state has communicated with the acting United State Minister Sleeper, expressing the regret of the government at the insult to the United States and offering assurances that an energetic investigation will be pursued with a view of ascertaining and punishing the guilty parties. Assurance is also given that measures will be taken which will prevent a repetition of the outrage. The outrage on Tuesday night is the second of its kind. There is said to be considerable disorder at Cienfuegos recently, and at present conditions are far from satisfactory.

Paris Green in Coffee Pot.

Nine persons were saved from probable death by poisoning by the discovery Tuesday by Mrs. John D. Grabill, of near Clemsonville, Frederick county, Md., that paris green had been placed in a pot of coffee which was being prepared for dinner, and of which Mr. and Mrs. Grabill and seven men employed at cutting corn on their farm would have drunk but for her timely discovery. Mrs. Grabill was led to make the discovery by finding paris green upon a knife in the kitchen which she had been using a short time previously for paring apples. Hunting to find what had been done with the poison, she looked into the coffee pot and found paris green floating upon the surface of the coffee. Mr. and Mrs. Grabill went to Frederick to lay the matter before the State's attorney. They admitted that they had strong suspicions as to the identity of the person who had put the poison in the coffee, and that the person suspected was a woman; but, pending official investigation, they refused to give further particulars. The grand jury of the September term of court, which was to have adjourned yesterday afternoon, will continue its session until today in order to investigate this case.

Want to Return Library.

"Please, Andy, take back your library and the town lot with it." This is the gist of a letter written by the city clerk of Richmond, Ind., yesterday to Andrew Carnegie, following the closing Tuesday of the handsome library recently erected at Richmond with Mr. Carnegie's gift of $15,000. Lack of funds is said to be the reason for its closing. The public paid for the real estate on which it is built, and if the library is taken back by Mr. Carnegie the real estate will go with it, and the wealthy ironmaster is in the position of being offered a town lot as a gift instead of being a donor, as he expected to be when he furnished the funds with which to erect the library. What to do with the library has been worrying the town officials more than the lack of literature before the gift was made, but the happy idea of the city clerk to ask Mr. Carnegie to take back his library has solved the problem. It is believed Mr. Carnegie will refuse and possibly may advance a small sum to keep the library open for a time.

Forgot Bride's Name.

William Miller, a veteran of the Confederate army, whose home is in Frederick county, five miles north of Winchester, applied to County Clerk T. K. Cartmell yesterday for a license to wed Mrs. Harriet Keckley, a comely widow of the county. Miller could not remember the first name of his bride, and the license could not be issued until a friend had supplied the information. The old veteran told the clerk that he had seen his bride but two or three times and that he had only a speaking acquaintance with her. He is 64 and Mrs. Keckley 61. The license was granted and the wedding will take place in a day or two.

Dr. J. W. Somerville, a young Virginia physician attached to the second medical division at Bellevue Hospital, New York, was dismissed yesterday from the staff of the institution by the superintendent. Dr. Somerville was charged with an infraction of rules and with dropping three electric light bulbs from his window late the night before, disturbing the patients.

Killed by Officers.

Lacy Foster, colored, supposed to be from Alexandria, was killed by Officers Rossen and Burgandine near Culpeper yesterday evening. Foster had gone to a shanty occupied by a colored woman, named Ella Fields, and others. He was armed with an axe, and, being unknown to the occupants, was refused admission. He then forced an entrance by battering down the door of the shanty with his axe. The Fields woman made her escape through a rear door, and, rushing downtown, notified Officers Rossen and Burgandine. The negro was followed and found on the railroad tracks. He did not seem to be in any hurry to escape the officers. When they called upon him to surrender, the negro deliberately turned upon them with uplifted axe, but before he could use it Rossen shot him in the abdomen. The negro staggered and the axe struck the pistol held by Rossen, knocking it to the ground. Burgandine grabbed the weapon and also shot the man in the abdomen. The negro was brought to jail in an ambulance in about ten minutes. A negro from Winston, a small station three miles south of Culpeper, was struck on the head by a brick yesterday afternoon and severely wounded, and it is thought this act was perpetrated by the man who was killed.

Wedding.

Mr. Andrew M. Brechin, of Charlottesville, and Miss Eleanor L. Gilmore, of Alexandria, formerly of Roanoke, Va., were married at 10:30 o'clock this morning, Rev. Dr. F. J. Brooke officiating, at the residence of the bride's mother, Mrs. T. R. Gilmore, 224 N. Royal street. No invitations were issued and only the relatives of the contracting parties witnessed the marriage. Mr. Brechin is one of the most prominent business men of Charlottesville. The bride, who possesses a rare type of blonde beauty and is much admired for her many qualities of heart and mind, was attired in a tailor made gray cloth suit with hat and gloves to match. The floral decorations were red carnations and dahlias and the groom's gift to the bride was a diamond brooch. Mr. and Mrs. Brechin after an extensive tour of the nothern cities will be at home in the city of Charlottesville, 610 east High street, after October 2nd.

The New Depot.

The new depot building is practically finished, and as soon as the arrangements for lighting are completed and water brought into the structure it will be utilized. At present a temporary frame structure is being used as a waiting room and for the ticket offices. A plank walk is being constructed from the granolithic pavement at the east end of the King street trestle to the electric railway tracks. The walk will be enclosed by a railing. By this arrangement passengers by the electric trains can use the board walk from the road to the concrete foot path which leads into the depot. Capt. R. H. Atkinson is employed at the new depot to announce trains, and he is performing this service as if he were a veteran in the business.

Threw Rock in Window.

While the alarm of fire was being sounded last Tuesday night cries of "murder" and "police" were heard in the extreme southern portion of the city. Yesterday Officer Nicholson proceeded to ascertain the cause and discovered that a rock had been thrown through the window of a house occupied by colored people, and that the inmates had made the outcry. The officer subsequently arrested two young men and a youth named Nalls, and in the examination of the case in the Police Court this morning it was shown that the latter threw the missle. Nalls made no denial of the charge and he was fined $2.50. His companions were dismissed.

Fined for Fighting.

Several young men engaged in a fight Tuesday night in the northeastern section of the city. The principals were arrested by Officers Knight, Nicholson and Arrington, but in the absence of positive evidence they were dismissed in the Police Court yesterday morning. Some of the parties a few hours later entered a saloon in the "Petersburg" section and renewed the "mill," when Officer Ferguson appeared and took four of them in custody. A pistol was found upon one of the belligerents, and he was fined $20 this morning; two were fined $5 each, and the other man was dismissed.

A Testimonial.

The Westminister League of the Second Presbyterian Church, through their pastor, Rev. Dr. Brooke, on Tuesday night presented to Miss Lucy Graves a large and beautiful bunch of roses and ferns. Dr. Brooke, in a few well-chosen remarks, spoke of the valued services Miss Graves had rendered the league. To her untiring efforts is due the success of the concert given for the benefit of the league a few months ago, and the testimonial Tuesday night was an expression of appreciation from the members of Miss Graves's services in behalf of the organization.

First of the Season.

The banquet season was opened last night at Mr. Charles H. Zimmerman's hotel in Market alley. About fifty members of Oriental Lodge, Knights of Pythias, gathered in the dining room for the purpose of partaking of an old Alexandria oyster supper. The caterer was at his best and the bivalves, prepared in the most inviting manner, with their accompaniments, were heartily enjoyed by all present, the company being more firmly convinced than ever that Alexandria fried oysters were destined to enjoy the reputation acquired in by-gone years.

Quelled the Strike.

Henry K. McHarg, jr., son of the New York multi-millionaire president of the Virginia Iron, Coal and Coke Company, quelled a strike yesterday at the East End Twin Furnaces, near Roanoke, of which he is general manger, by drawing his pistol on the strikers.

The laborers at the furnaces have been getting $1.25 per day and wanted more money. A number of the day force of stockhouse hands quit work, and there were murmurs of discontent among others, and trouble was brewing when young McHarg appeared on the scene. Drawing a vicious-looking revolver he gave the men one minute in which to either resume work or leave the premises. Those who were in a quitting frame of mind lost no time in getting away and the others returned to work. Later in the day McHarg heard that the strikers had planned to lay in wait in a cut near the furnaces and prevent the night shift from going to work. The young millionaire, accompanied by a city detective, went to the cut prepared to oust the strikers, but the men did not make their appearance.

McHarg is the young man who three years ago gained notoriety by going into his father's furnaces at Radford as a day laborer at $1 a day, to learn the iron furnace business. He worked with the other laborers, black and white, on the regular shifts and was a society leader when off duty. He was recently made general manager of the two big furnaces at Roanoke and has taken a prominent place in Roanoke society.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.
